### Job Title Odoo Functional Implementer

---

**Department:** Software ERP/Odoo

**Location:** Ejaf /Baghdad

**Reports to:** Odoo Functional Implementer

**Employment Type:** Full-Time

- **Job Summary**

- A passionate and detail-oriented Odoo Functional Implementer to join our ERP team. You will play a critical role in analyzing business requirements, mapping them to Odoo features, configuring the system accordingly, and training end-users. This role requires strong business process knowledge and excellent communication skills.

- **Key Responsibilities**

- Gather and analyze client business requirements.
- Translate business needs into functional specifications and configure Odoo modules accordingly.

- Conduct gap analysis and suggest suitable Odoo solutions.
- Implement and test Odoo standard modules such as Sales, Purchase, Inventory, Accounting, HR, etc.
- Provide functional support and training to end-users.
- Document business processes and solution designs.
- Collaborate with technical developers to ensure successful delivery.

---

### • **Qualifications**

- Bachelor's degree in Business Administration, Accounting, IT, or related field.
- Minimum 1–2 years of experience in Odoo ERP implementation (functional role).
- Strong understanding of business workflows (Sales, CRM, Inventory, Accounting, HR, etc.).
- Hands-on experience with Odoo versions 15/16/17/18.
- Ability to manage multiple projects and tasks effectively.
- Excellent communication and presentation skills.
- Analytical mindset and problem-solving skills.
- Arabic & English fluency (written and spoken).

---
